A Project's Fallout

Four analytic dimensions

<p>Scaling Up</p> <p><i>Consolidation of results</i></p>	<p>Scaling Out</p> <p><i>Geographical extension of results</i></p>
<p>Policy Learning</p> <p><i>What went through</i></p>	<p>Policy Impact</p> <p><i>What was (will be) used to transform policies</i></p>

“Rules of the game”

- For each stated dimension, we are looking for
 - Lessons learnt
 - True story reports
 - Suggestions and recommendations on how to fill in the <Grey Zone> between results and impacts
- Please use the 4 coloured sheets provided to
 - Ask to intervene during the question time(s)
 - Leave written inputs in our Suggestion Box
- We will take stock of this feedback in today’s concluding remarks, as well as in a post-event report to be published on the MED website
