Objective 2.2 • Objectif 2.2

Objective 3.1 • Objectif 3.1

Project idea in short (max 300 words) • Idée en bref (300 mots max.)

The general objective of the F.I.Re.MED project is to strengthen the position of SMEs in the energy sector in Mediterranean regions and to increase their potential at transnational level by offering them new financial instruments to support technological and non- technological innovation.

The aim is twofold:

- To assist public and intermediary bodies to develop sustainable development plans which might involve private capital and through new financial tools to support SMEs and small renewable energy and efficiency investments.

□ To support sustainable growth, improve competitiveness and create job possibilities in the Mediterranean area by strengthening the competitiveness and innovation of the SMEs operating in the field of renewable energy (the sector will be further decided according to the Partnership) and supporting new entrepreneurship into this sector. The specific objectives of the project are:

□ To setup and to propose to the SMEs operating in the field of renewable energy and energy efficiency new type of financing tools.

□ To improve transnational cooperation among SMEs and financial operators to apply for capital and financial sources by the implementation of innovative funding instruments and tools.

□ To improve access to and information on private and public funding sources for SMEs operating in the field of renewable energy and energy efficiency.

□ Creation of a transnational network of financial public and private Operators, in charge to support the renewable energy and energy efficiency sectors in the Programme area.

Please name the work package you would like to develop • Veuillez indiquer le ‘workpackage’ que vous voulez développer

WP0: Preparatory activity

WP1: Project management

WP2: Communication and Dissemination Activities

WP3: Analysis and elaboration of the action plan

WP4: implementation of the innovative instruments/tools and upgrade of operators

WP5: piloting

WP6: evaluation and valorization of project result

Main beneficiaries/target groups • Bénéficiaires/ groupes ciblés principaux

SMEs operating in the field of renewable energy, public authorities, intermediary bodies
